

Manufacturer: VYRTYCH a.s.

Subject: Declaration of Conformity to Regulation (EC) No. 1907/2006 (REACH)

On 1 June 2007, Regulation (EC) No. 1907/2006 (REACH) came into force.

REACH stands for Registration, Evaluation, Authorisation and (Restriction) of Chemicals. The aim of this European legislation is to ensure a high level of protection for human health and the environment, minimising the risks associated with the use of chemicals.

Regulation EC No. 1907/2006 requires substances placed on the market and/or used in the formulation of mixtures and articles to be registered with the European Chemicals Agency (ECHA).

As our products cannot be regarded as substances, mixtures or articles intended to release substances, they are exempt from any REACH provisions concerning the registration of chemicals contained in products.

In order to comply with the applicable provisions of the REACH Regulation, Vyrtych a.s. has implemented a process of information-sharing and communication along the entire supply chain. It verifies compliance with the relevant restrictions in Annex XVII and the possible presence of Substances of Very High Concern (SVHC) included in the candidate list in a concentration of > 0.1 % (weight/ weight).

This verification is conducted and updated on the basis of the candidate list, periodically revised by the European Chemicals Agency (ECHA), and officially published online at <https://echa.europa.eu/candidate-list-table>.

On the basis of the information it has, Vyrtych a.s.

DECLARES

that its products and packaging comply with the relevant restrictions in Annex XVII of REACH and do not contain SVHCs from the candidate list in a concentration above 0.1% (weight/weight), with the exception of any products supplied to you that are listed in the Annex to this document. We are responsible for monitoring any updates to the legislation and issuing further notices.
